SUBHA MONDAL

Full Stack Developer

PROFILE

As an undergraduate student in Computer Science and Engineering (CSE) with a strong passion for full-stack web development, I am driven by the challenge of building efficient, scalable, and user-centric digital solutions. My expertise spans both frontend and backend development, allowing me to bring ideas to life from concept to deployment.

I am continually honing my technical skills and expanding my knowledge in software engineering, with a particular interest in distributed systems, AI-driven automation, and scalable application architecture. My goal is to contribute to innovative projects that solve real-world problems and push the boundaries of technology.

EDUCATION

RCC Institute Of Information Technology
2022 – 2026 (pursuing)
Currently pursuing a degree in Computer Science and Engineering, gaining in-depth knowledge in programming, software development, and data structures, with hands-on experience in full-stack projects.

Laban Hrad Vidyapith
2015 - 2022 (Completed)
Successfully completed secondary and higher secondary education with a focus on science, achieving strong academic results.

WORK EXPERIENCE

LetsUpgrade [Campus Ambassador]
September 2024 – Present
Organized and hosted info sessions, fostering community engagement and raising awareness of development and learning opportunities.

CodSoft [Frontend Developer Intern]
June 2024 – August 2024
Collaborated with cross-functional teams to optimize code efficiency, reducing load times by 20%.

A.K InfoTech [CS/IT Lecturer]
February 2023 – February 2024
Taught core and advanced CS/IT courses, including data structures, algorithms, web development, and database management.

SKILLS

Skill	Level
MERN	85%
DSA	70%
UI/UX	90%
Git	100%
Testing	70%
